Winifred was a lifelong student and teacher of art, and a well-known Tasmanian artist. After retiring from teaching, she painted prolifically. Her works were exhibited regularly in Hobart and Richmond. Win was a life-long member of the Art Society of Tasmania.

There are large oils on canvas, smaller oil and gouache works on canvas and board. All works are sensitively framed and reasonably priced.

Win's work centered around Tasmanian landscapes. She was renowned for her drawing, use of colour and composition.

Our family is motivated to hold this exhibition by our own full wall spaces and therefore the desire to think that these works would be better adding something special to your walls
